

High Definition Vehicle Insurance

# Unlock the power of telematics data.

## Data is power, and HDVI's Fleet Portal is your gateway.

HDVI's streamlined, centralized tools enable fleets to harness telematics data to decrease insurance costs and increase efficiency, while managing compliance and insurance digitally for a more profitable business.

### Safety Dashboard

#### Reduce your risk and your premiums

Use telematics data to benchmark safe driving and your fleet's progress toward goals that mitigate risks and lower the cost of your monthly insurance premium.

### Compliance Console

#### Effortlessly maintain compliance

Analyze your compliance situation, understand your BASIC score calculation, and view FMCSA inspections.

### Insurance Management

#### Improve efficiency

View policy information, equipment & driver lists and request endorsements with integrated, self-serve tools.

# Safety Dashboard

Telematics data, analytics and tools at your fingertips

## Data

- Real-time telematics
- Fleet-wide
- Truck speed
- Hard braking incidents
- Acceleration rates

## Analytics & Tools

- Safety benchmarks and analytics
- Fleet performance against key safety metrics
- Drill down detail by driver
- Weekly and monthly trends
- Recommendations for where to focus to increase fleet safety and decrease premiums

# Compliance Console

Digitized management of compliance forms and filings alongside curated industry resources

## Dashboard

- File management
- DOT inspection records
- Vehicle maintenance records
- Driver fitness records

## Library

- FMSCA documentation
- Safety publications
- Compliance updates
- Industry knowledge
